新老師介紹

梁梓媚老師

我是聖羅撒的「新丁」，我在教學教人，也在學習。在短短的日子裡，跟大家相處愉快。欣賞老師職工們的實幹、同學們的好學。我歡喜教學，更願意學生學會做人。學生給我的印象是活潑乖巧，樂於助人與學習，喜愛閱讀，我期盼大家更會享受尋求知識的樂趣，學會學習，多思考，做事「三心兩意」——細心、用心、專心、踢走大意和不在意。

Miss Chan Wing Kam

I'm Miss Chan Wing Kam. I like reading books. What about you? My favourite writers are Julia Donaldson and Francesca Simon. Julia writes 'The Gruffalo'. Francesca writes many stories about a very naughty boy. So the writer names him 'Horrid Henry'. But it's funny that he has a good brother called 'Perfect Peter'. What do you think the family will be like if there is a good boy and a naughty boy in a house? Don't miss "Don't be horrid, Henry!"

呂彥德老師

各位同學、家長，大家好！我是1D班的班主任呂彥德老師。我的興趣是看數學書和計數。我希望學生可以發現學習數學的樂趣，欣賞數學並活用在生活中。

鍾文萍老師

教授科目：中文科及普通話科

新人——每天都會遇到新的挑戰。面對挑戰，克服挑戰，從中學習是新人必經的階段。在教學上，我永遠是一個新人，希望能在學與教的過程中跟大家學習，不斷進步。

李嘉雯老師

「Hi！早晨！」這句是我每天最常說的一句話，亦是我聽得最多的說話——我愛有禮貌的學生。

「快D啦！夠鐘上課啦！」——我想快些開始授課，滿足你們的求知慾，把我懂的東西全都教曉你們，。

「試下啦！」遇到難題時，深呼吸一下，試試又何妨！老師想你們試的，必在你們能力範圍內。

不要怪李老師嘮叨，因為我也希望自己能成為一個有禮貌、愛學習和勇於嘗試的人，共勉之！

Miss Lam Wai King

Hello! I am Miss Lam. It is my first year teaching in St. Rose of Lima's School. Guess what? I was also from a girls' school (a secondary school for girls)! Therefore, I feel so glad to join this big lady's family! Having been here for almost five months, I feel very cozy because my colleagues are nice and my students are, undoubtedly, very lovely. To be frank, not only are the students learning how to be a good student, I am also improving myself of being a good teacher. In the coming days, I will keep learning together with my students. :D

Miss O Chung Yan

I am happy to join this new school family. I am teaching P.3 and P.5 English. I try to be a lively teacher, and I love drama and role play. I like to show students how to use different facial expressions and to be expressive when they read, so they can develop these skills themselves and become strong and expressive speakers in their lives and careers. I put much emphasis on speaking and reading in my teaching. If students can read and speak well then they can explore and learn about the world on their own, and they can play more active roles in society, and become global citizens.

鄒明慧老師

各位同學好！我是鄒明慧老師。在我唸書的時候，最喜歡的科目便是中文科和音樂科，現在能夠同時任教這兩科，我感到是一件十分幸福的事。我很愛看書，在書中我看到豐富多彩的世界。希望你也與我一樣，跟書本成為好朋友。

李楊老師

大家好！我是2D班的班主任李楊老師。生活中的我興趣廣泛，喜歡做運動、看書、旅行等。很高興加入「聖羅撒」這個大家庭，結識了這麼多盡責、友善的老師和守規、好學的同學們。讓我們一起成長吧！

學校旅行

二零一二年十一月二十九日(星期四)我校舉行了一年一度的秋季旅行，雖然天氣微雨，可這絲毫不影響我們愉快的心情！

綜藝晚會

本校於二零一二年十二月二十二日及二十三日假座香港理工大學賽馬會綜藝館舉行綜藝晚會。演出當晚座無虛設，中樂先為我們打開序幕，其後有芭蕾舞、唱遊、中、英文音樂劇、管樂、集誦及中國舞等，合共十一個不同節目。學生表現出色，嘉賓及家長們都看得津津有味，整晚讚不絕口，兩晚都是在一片歡呼聲中結束精彩的表演。

Learning English Can Be Fun

Learning takes place both inside and outside the classroom. And, because children have more fun outside, we arrange outings for our girls, so they can learn English in an interesting way. Last year, when the P.1 girls were learning about parks, we took them on a visit to Fa Hui Park. This year, the P.2 girls went to Kowloon City Plaza. When they returned to school, they discussed their experiences and thoughts about the shopping mall. They also designed a shopping centre for kids. Here are some photos of our girls at K.C.P and the writing they produced :

It is a special day today. We don't have English lessons in school. We go to Kowloon City Plaza. We go there because we want to know why the children don't like KCP. Miss Yu, Miss Ng, aunts and Class 2B go to KCP with me. We go to KCP by school bus. We walk around in KCP. Also, we go to the supermarket. It is on the third floor. Miss Yu buys some sweets. She pays the cashier money. I like KCP because it is big. I am happy because we can have English lessons outside the school.

A Happy Day

12th December, 2012

It is a special day today. We don't have English lessons in school. We go to Kowloon City Plaza. We go there because we want to find out why children don't like KCP. We go with some parents and our English teacher. We take the school bus to KCP. I can see a game shop, a candy shop, a hair salon, a bag shop and a bakery. I don't like KCP because it is too dark, but if they can add more lights I think it will look much better. I enjoy the outing today. Although KCP is dark, it is fun.

Janice Chan (2A)

My shopping mall is called Free Shopping Centre. There are ten floors. On the ground floor, there are a bank and an MTR station. It is convenient. On the fifth floor, there are a toy shop, a game shop, toilets and a pet shop. All the pets, toys and games are free. On the sixth floor, there is a cinema. All the food is free including ice cream, sweets and balloons. On the roof top, there are a swimming pool, a slide, a swing, some trees and some flowers. The people can buy what they want to buy in my shopping mall.

I think the children in Kowloon City will like my shopping mall because all the food in the cinema is free. There is a garden. There are a game shop, a toy shop and a pet shop. The bus is free for children and it is above the MTR station. It is convenient. I think they can shop happily with their families.

Venus Wai (2C)

Unit 3: Shopping
A. After visiting KCP, can you design a new floor (the sixth floor) for KCP?
Remember to add some shops that most children like.

There are four shops on the sixth floor. There is a play house. Children can play a big slide, swing, and see-saw. They can play and jump in the bouncy ball pool. They can collect the soft balls and put them in the guns for shooting. After playing, children can go to Yogurt Kingdom. There are over fifty different flavors and two hundred kinds of different toppings such as grapes, nuts, marshmallows and soft candies.

There is an enormous Jewelry Stationery Shop. There are pencil cases, rulers, pencil ball pens, auto-pencils and school bags. The cashier is the character - Baby. Children can take photos with all the Jewelry characters. Next to the stationery shop, there is a toy shop. It sells many girls' toys and a few boys' toys. Girls can buy beautiful dolls. The expensive magician set and the latest Barbie's clothes.

I think children will like KCP because they can play for a long time and choose their best toys. They can enjoy shopping in this shopping centre.

I think the children don't like KCP because there are not many shops for children. I don't like KCP because I want to eat an ice-cream but there is no ice-cream shop. I enjoy the outing because we can know more about the shops and I can see many shops there. Today, I am excited because I can see the shops that I like.

陳廷三博士主講的教育講座
令家長及老師獲益良多

家長教師會周年大會已於十一月二十四日舉行。當天大會邀請香港中文大學香港教育研究所專業顧問陳廷三博士為家長主講「培育與泡製一人本子女的管教」，陳博士在這短短的兩個小時裏，以風趣生動的演繹方式帶出了嚴肅話題，分享了他兒子醉心製造飛機的故事，說明了興趣就是一種原動力，對兒童熱衷之事家長應多加鼓勵，從而更有效地發揮他們無限的潛能。他的分享令我們家長們反思及重新細量孩子們在不同階段的實際需要和自己所擔當角色的重要。

在緊接陳博士主講的家長教育講座後，由主席陳劉潔明帶領祈禱下正式開始，出席周年大會人數共有98人。主席為我們回顧過往一年家教會活動，其中包括親子團年一日遊、「新校樂繽紛」校慶活動、家長教育講座、代購香港芭蕾舞團表演門票、家長教師會幹事培訓課程、小六畢業聚餐，與及兩期會訊。周年大會中，老師指導學生如何進行圖書分享及設計封面或插畫等活動。

其實每項活動的背後，也要感謝為我們無私付出的老師及委員，更有一隊全天候為學校服務的「愛心玫瑰」家長義工團，因為他們的努力，才能使活動順利完成。而家長教師會於每項活動後也會收集各家長意見，並作出檢討，藉此希望透過了解家長的需要，有助來年活動計劃的定位和安排。
